

PROJECT GRILL

Growing Readiness In Learning & Leading

MISSION STATEMENT

Improve the image of manufacturing through exposing our community, educators, students, and parents to the diverse career opportunities within Sheboygan County. Ultimately, working towards creating an expansive workforce to sustain the success we are cultivating today.

'09-'10 ANNUAL REPORT

SHEBOYGAN FALLS TEAM

built an amazing grill which incorporated a sound system, prep space and integrated the JL French logo.

THE HOWARDS GROVE GRILL TEAM

put transportable at the forefront of their design, building a grill with all the amenities one needs for a tailgate including some great corporate branding.

SHEBOYGAN NORTH GRILL TEAM

built a metal replica of the Sargento Cheese sculpture complete with a functioning grill and a beautiful wood cutting board base.

STUDENTS AT RANDOM LAKE

connected three Vollrath line service products to create the ultimate grill which offers a grill, wok, hot and cold storage and an assembly area.

RIVERVIEW ACADEMY TEAM

worked with LTC and Masters Gallery to build a monster grill with an extra large grilling surface and flame painted decals.

KOHLER ENGINEERING CLUB built a replica of a WWII bomber which touts a grill in the wing and cold storage.

Project G.R.I.L.L. involves more than 70 high school students, 20 Sheboygan County corporations, numerous educators and more than 200 family, friends and spectators at the unveiling party.
